

CODEBOOKS for replication files;

ARTICLE: "Descriptive and Substantive Representation in Congress: Evidence from 80,000 Congressional Inquiries"

AUTHORS: Kenneth Lowande, Melinda Ritchie, and Erinn Lauterbach

DESCRIPTION: variable codebooks for dataframes.

VARIABLES:

dataframe: "house"/"senate"

- cong - numeric, indicates Congress
- ident - factor, indicates identity characteristic
- no - numeric, indicates count of legislators in each ident

dataframe: "contacts"

- uid - numeric, unique identifier for contact
- agency - string, name or abbreviation of agency contacted
- cong - numeric, congress in which contact took place
- mc - numeric, unique identifier for member of Congress

dataframe: "reps"

- GEO_ID - unique id for district
- vet.any - dichotomous, 1 if member served in any branch of the military (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)
- vet.perc - percent of district population with military service (see VetPop, https://www.va.gov/vetdata/veteran_population.asp)
- female - dichotomous, 1 if female legislator (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)
- tw.ideo.mean - mean constituent ideology from Tausanovitch and Warshaw (see <http://www.americanideologyproject.com/>)
- white.pop - percent white population from American Community Survey (see <https://www.census.gov/programs-surveys/acs/>)
- white - dichotomous, 1 if member identifies as caucasian (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)

dataframe: "usa.f"

- fortified map of House districts in the continental US; variables correspond to coordinates.

dataframe: "main" [note: for more details on dependent variable

coding see article and SI]

- idno - factor, icpsr id for member of Congress
- dist - numeric, district number, 0 if state-wide (Senate)
- state.abbrev - string, state abbreviation
- chamber - factor, Chamber
- cong - numeric, Congress number
- female - dichotomous, 1 if female legislator (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)
- vet.any - dichotomous, 1 if military service background legislator (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)
- vet.mainbranch - dichotomous, 1 if military service background legislator who served in something other than only reserves/national guard (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)
- nonwhite - dichotomous, 1 if racial/ethnic minority background legislator (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)
- white.pop - percent white population from American Community Survey (see <https://www.census.gov/programs-surveys/acs/>)
- dwnom1 - continuous, Commonsense DWNOMINATE score (see <https://voteview.com/>)
- vets.exp - numeric, veteran-related expenditures in district (see <https://catalog.data.gov/dataset/veterans-affairs-geographic-distribution-of-expenditures-fy06-by-congressional-district>)
- tw.ideo.mean - mean constituent ideology from Tausanovitch and Warshaw (see <http://www.americanideologyproject.com/>)
- vet.all.d - dichotomous, 1 if member contacted on behalf of veterans at least once
- vet.10.12.d - dichotomous, 1 if member contacted on behalf of veterans at least once in 110-112 Congress and complete agency coverage
- fem.all.d - dichotomous, 1 if member contacted on behalf of women at least once
- race.ni.d - dichotomous, 1 if member contacted on behalf of racial/ethnic minorities at least once
- race.ni.12.d - dichotomous, 1 if member contacted on behalf of racial/ethnic minorities at least once in 110-112 Congress and complete agency coverage
- vet.12.d - dichotomous, 1 if member contacted on behalf of veterans in 112 Congress
- r.vet.all.d - dichotomous, 1 if member contacted on behalf of veterans (excluding casework) at least once
- r.vet.10.12.d - dichotomous, 1 if member contacted on

- behalf of veterans (excluding casework) at least once
- vet.12 - numeric, count of number of veteran-related contacts in 112 Congress
- r.fem.all.d - dichotomous, 1 if member contacted on behalf of women (excluding casework) at least once
- r.race.ni.d - dichotomous, 1 if member contacted on behalf of racial/ethnic minorities (excluding casework) at least once
- r.race.ni.12.d - dichotomous, 1 if member contacted on behalf of racial/ethnic minorities (excluding casework) at least once in 110-112 Congress and complete agency coverage
- poverty - numeric, proportion of population living below poverty line in percentage points from American Community Survey (see <https://www.census.gov/programs-surveys/acs/>)
- seniority - numeric, count of number of congresses served (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)

dataframe: "districts"

- state.abbrev - string, abbreviation of state
- cong - factor, Congress
- dist - numeric, district number, 0 if state-wide (Senate)
- chamber - factor, Chamber
- female - dichotomous, 1 if female legislator (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)
- minority - dichotomous, 1 if racial/ethnic minority legislator (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)
- vet.any - dichotomous, 1 if military service background legislator (see CQ Press Member Profiles, <http://library.cqpress.com/congress/memberanalysis.php>)
- tw.ideo.mean - mean constituent ideology from Tausanovitch and Warshaw (see <http://www.americanideologyproject.com/>)
- white.pop - percent white population from American Community Survey (see <https://www.census.gov/programs-surveys/acs/>)
- vet.perc - percent population qualifying as a veteran (see VetPop, https://www.va.gov/vetdata/veteran_population.asp)
